

OFFICE OF THE MAYOR  
CITY OF CHICAGO

RAHM EMANUEL  
MAYOR

June 5, 2015

Ms. Imani Bowman

Dear Ms. Bowman:

As Mayor, and on behalf of the City of Chicago, I am pleased to extend heartfelt congratulations to you and the other parents of Little Angels Family Daycare on this special commendation from Head Start.

As you already know, our children are our most precious resource. Our most pressing responsibilities and obligations will always revolve around ensuring the health and happiness, and the safety and success of every child. And since Omari came to Little Angels Family Daycare, your involved role and active stewardship has demonstrated a stalwart commitment not just to his future but also the futures of all of the other children. Whether it was assisting in activities and trips for the daycare or volunteering in the community or even traveling to Springfield to lobby for your rights, you illustrated the passion, perseverance, and selflessness that go into good parenting. Your spirit of determination and dedication continues to bolster the Little Angels Family Daycare and is the reason why "something good is taking place in Englewood."

It is no surprise that the children of Little Angels Family Daycare go on to attend the best elementary schools in the city. Their parents are among the most active in Chicago's Head Start program, allowing Little Angels Family Daycare to boast the highest parent program participation rate in the Parent Policy Committee. It is your steady support that supplements the Little Angels Family Daycare staff's curriculum and programming to encourage and empower the children to truly excel. Your involvement in every aspect of your child's education sets a stellar example for parents of all ages throughout Chicagoland and beyond. I commend you for your advocacy and thank you for your vital role in shaping change. Because of your great example and thoughtful guidance, I have no doubt that Omari will make your family and the City of Chicago very proud.

On behalf of the City of Chicago, and the historic Englewood neighborhood, congratulations on this extraordinary achievement. I look forward to more good news from you and the other parents of the Little Angels Family Daycare. Best wishes for much continued success.

Sincerely,

A handwritten signature in blue ink that reads "Rahm Emanuel".  
Mayor
